OBJECTIVE

As a front-end web developer, I've focused on developing scalable, well-documented code. I enjoy working on my own but can also run projects collaboratively. I love to leverage my skills in HTML, CSS, and JavaScript, along with my experience in developing personal and business websites, to contribute to a dynamic team as a web developer. I aim to deliver high-quality, user-friendly web solutions while continually expanding my technical expertise and staying current with industry trends

EXPERIENCE

COMPUTER SPECIALIST & GRAPHIC DESIGNER

Don Femmzy Computer Inn. Ondo City | Feb 2017 - Feb 2019

- Designed and implemented visual concepts for print and digital media.
- Developed logos, brochures, and other promotional materials for various clients.
- Participated in brainstorming sessions to generate new ideas and concepts for design projects.

FRONT-END WEB DEVELOPER

Ondo city | 2021 - Present

- Developed and maintained personal website portfolio using HTML, CSS, and JavaScript, Ensuring websites were responsive, user-friendly, and optimised for performance across various devices and browsers
- Assisted friends in creating and launching professional business websites tailored to their needs and provided ongoing support and updates to ensure websites remained current and functional
- Completed various landing page challenges, demonstrating strong design and coding skills in HTML, CSS, and JavaScript
- Proficient in using Git and GitHub for version control and collaboration also utilizing Visual Studio Code (VS-Code) as the primary code editor for development.
